5 Beds | 2.5 Baths | 2,885 Sqft

This is a large home in the Remington Golf Community and is very well maintained. Tons of natural light compliment an open floor plan, inviting you into the great room, then onto the formal dining room. You have an eat-in kitchen with breakfast bar and island in the center of beautiful solid wood cabinetry. Ceiling fans throughout the entire home. Upstairs, you have all 4 spacious bedrooms with an enormous loft area as well for an office or additional bonus room of your choosing! The master suite is complete with a garden tub and separate stall, spacious walk-in closet, as well as beautiful tray ceilings. The home has extra insulation in the garage as well as throughout the home. You could always add a pool to this one because pool wiring was installed during construction! Access the backyard through the kitchen sliding doors and enjoy the mature trees in the backyard as well as a great garden area already set up! Easy access to Orlando via the Turnpike in Golf course and Gated Community close to the lakes with community rec center, pool, tennis, basketball, volleyball, & baseball facilities. So much to offer!
